

"ONE APPOINTS THE MOON FOR THE MOADIM;
THE SUN KNOWS FROM WHICH IT COMES." TEHILLAH 104:19

The 3 10 measure of the manchaih are the means to receive the Wisdom of the two parim/sides of a month. The 3 10ths, of meal, are measures of study pertaining to the underlying united Principles of Light via which the Lights give their illumination for us to walk in Wisdom. The 3 10's correspond to the 3 sections of the days in a month: ALphah to Yeúwd, Kephúw to Rayish,, and Shayin to Lammad, a garment of 30 fold.

The Fruit of every Oyits/r-O/tree/teaching is a house for the Seed of Wisdom. Yahúdah and Dan set up the Mizbaach hhaOlah/Altar and the Mishkan within the Lands of Nephethli—within an inheritance of the Yaivuwssi/Jebusite. As a result, the mouths of the kuwáhnim/priests receive the Words of a year upon their lips which are the tithes and first fruit of the lands of that year. The tithes are reaped from the hands of the twelve brought to the altar in Nephethli. The Seed in the fruit of HhaALhhim come to reside in the heart through which the bread is made for the expressions/mouths of the priests.
